

Lance B. Lewis, Ph.D.
Provost and Chief Academic
Officer / Dean of the College
of Graduate, Adult, and
Professional Studies

Greetings from the faculty, staff and students of Cleary University in Michigan, U.S.A. I am pleased to welcome you to the growing family of International Strategic Education Partners for Cleary University! We are delighted that you have decided to work with us in developing American education opportunities for your students in Sri Lanka and the Maldives. I am personally familiar with education in Sri Lanka and our Director of Admissions for your region, Mr. Ketch, has thoroughly briefed us on PATHE Global Campus and your Business Diploma. We are excited about the potential for your business diploma students and both our institutions. We have found our current Sri Lankan students to be excellent and a positive addition to our increasingly diverse international student body. We enthusiastically welcome your transfer students with transfer credit as detailed in the agreement letter with exact study schedules depending on the A/Level stream completed, electives at PATHE Global Campus, and major selected at Cleary University. It is expected that PATHE Global Campus Business

Diploma transfer students who have their A/Levels (Local or UK) along with Business Diploma courses should enter Cleary University with Junior status (meaning they will enter at some point in their third or Junior year). This may, of course, vary from student to student. Mr. Ketch has extensive experience in international education and will be working closely with you to ensure that your students are well prepared and have a smooth transfer. I can also assure you that other executive staff look forward to the possibility of making a future visit to Sri Lanka. Once again, welcome to the Cleary Family! We look forward to a long working relationship that will benefit both of our institutions and the students.
