

Thomas B. Hassett
Associate Vice President
Global Enrollment and
Engagement

On behalf of the Gannon community, please accept our hearty invitation to consider a university that is almost 100 years old, well ranked, attractively located in the Northeast of USA, and where international students comprise nearly 20% of our population. At Gannon, you will get diverse programs at bachelor and graduate levels in areas such as engineering, business, computer science, health sciences, and cyber security. You will get a placement rate of 98% where graduates go into their field or onto further study. You will get felt support in our Writing Center, our STEM Center, academic advising and our international student office: dedicated support for your GU and American experience.

Just as attractive is our location in Erie, Pennsylvania where four seasons, a low cost of living, urban attractions, Niagara Falls, and access to the East Coast of the USA are part of Gannon's off-campus context. In support of your consideration, we enthusiastically join our colleagues at PATHE Global

Campus to offer you options and means to continue your education seamlessly and easily – here in the USA.
