It is a great pleasure for me to invite you to consider taking your higher education journey with the University of Canberra: a young, creative and energetic university, located in Australia's capital city. The University of Canberra is ranked by the Times Higher Education World University Rankings and QS World University Rankings as one of the world's top 100 young universities under the age of 50 and in the top 2% of universities in the world.

Our graduates are in high demand and many of our more than 78,000 alumni occupy senior positions in public and private enterprise in Australia and around the world.

As a 27-year old academic institution, we have the freedom and will to become one of the world's best universities by building on a strong foundation of research and industry engagement that informs our teaching and learning.

Students from Sri Lanka can now also participate in this opportunity and continue their studies in Australia through the successful articulation partnership between University of Canberra and PATHE Global Campus in Sri Lanka.

Please take a closer look at what we can offer and I look forward to welcoming you to the University of Canberra.
